## Introduction

This manual contains the rules and rates for the Safeco Businessowners Policy Program. This is a preferred product designed for specific classes of business as listed in each state's Eligible Occupancies table.

Businessowners not meeting the eligibility requirements, engaged in operations not usual to this program, or in the **Ineligibility List** may be considered under other programs we offer.

## Unique Features

The Safeco Businessowners policy provides coverage for buildings and/or personal property at described premises. Insureds and their employees are protected from business liability for bodily injury, property damage, personal injury or advertising injury. Host liquor liability, oral and written blanket contractual liability, incidental malpractice, and non-owned watercraft liability coverage for watercraft less than 52 feet long are all coverage extras. In addition, many additional coverages and coverage extensions are automatically provided!

Unique Features:	
<b>Aggregate limits of insurance</b>	Applicable per location
<b>Blanket options</b>	All buildings and/or contents on policy
<b>Brands and labels</b>	\$25,000 coverage
<b>Coinurance provisions are eliminated</b>	Building and personal property coverage is on a replacement cost basis. Actual Cash Value option is available for building coverage

## Rules

### Rule 1 – Eligibility

#### General

The following risks are eligible for the Safeco Businessowners Policy:

#### A. Buildings

1. Office buildings (including office condominium associations) not to exceed six stories in height. The following incidental occupancies are permitted:
  - a. apartments that do not exceed six stories in height. (Not available in all states.)
  - b. eligible wholesale, mercantile, service or processing occupancies (as defined in the Eligible Occupancies and Classification Codes) which in total area do not exceed 25 percent of the building.
2. Buildings occupied principally for eligible wholesale, mercantile, service or processing purposes.
3. Storage buildings occupied by the insured, which are incidental to an eligible wholesale, mercantile, service or processing risk may be included for a premium consideration.
4. Auxiliary buildings may also be covered when the policy covers Building and/or Business Personal Property at the main location. Auxiliary buildings include those that are incidental to the business (garages, mausoleums, storage sheds) and which are physically located at the same address as the main building.
5. Greenhouses that do not exceed 1,000 square feet, written in conjunction with a retail florist and/or garden shop.
6. The number of insured locations is limited to 50 on any one policy.

B. Personal Property for operations that do not exceed \$15,000,000 in annual gross sales at any insured location

1. Offices
2. Wholesale, mercantile, service or processing operations
3. Storage facilities in a separate building occupied by the insured, incidental to an eligible wholesale, mercantile, service or processing risk may be included for a premium consideration.
4. Auxiliary buildings may also be covered when the policy covers Building and/or Business Personal Property at the main location. Auxiliary buildings include those that are incidental to the business (garages, mausoleums, storage sheds) and which are physically located at the same address as the main building.
5. Greenhouses that do not exceed 1,000 square feet, written in conjunction with a retail florist and/or garden shop.

Note: Owners of condominium units that are used for eligible mercantile, service, processing or office occupancies are eligible under preceding items 1. and 2.

## Building & Business Personal Property Ownership

When under one ownership, the building and business personal property must be included in the same policy.

### Requirements

- A. Businesses should be located in buildings where the common hazards (heating, cooling, electrical wiring, plumbing, and roof) meet applicable local and state codes. Older properties must have had the common hazards completely renovated or replaced within the past 25 years.
- B. Building and Business Personal Property limits of insurance must be at least 90 percent of the replacement cost value. If the Actual Cash Value option is chosen for building coverage, the limit of insurance must be 100 percent of the actual cash value.
- C. Total Insured Values (TIV) does not exceed \$15,000,000 at any insured location. TIV includes Building and Business Personal Property values.
- D. No commercial cooking. Any cooking operation which produces smoke or grease-laden vapors is

ineligible. Note: This exposure is permitted when our insured is the building owner of a lessors risk strip shopping center. Also, certain classifications have separate cooking eligibility guidelines which supersede these, see the **Eligible Occupancies & Classification Codes**.

- E. Wholesale, service and processing risks must derive 75 percent of their gross sales from on-premises operations.

## Protection Standards

### *Property Other Than Money and Securities*

The degree of protection necessary for Business Personal Property should be reflective of the susceptibility to theft loss.

At a minimum, all front, side and rear doors should be protected to the extent necessary by double-cylinder deadbolt locks.

For the following occupancies, protection standards for merchandise and stock should consist of at least an alarm system monitored by an outside service.

- Army/Navy and military surplus stores
- Auto parts stores – retail and wholesale
- Beverage stores – with alcoholic beverages
- Bridal shops
- Computer stores
- Drug stores
- Electronics – retail, wholesale and repair

- Gourmet food stores
- Home improvement and building materials - retail and wholesale
- Jewelry - retail and wholesale
- All clothing-related and accessories classes – retail and wholesale
- Sporting goods or athletic equipment stores – retail and wholesale
- Sunglasses – wholesale
- Tailoring or dressmaking establishments
- Television and radio repair
- Television and radio – retail and wholesale
- Tuxedo and formal wear – retail and wholesale
- Wine shops

Exceptions to these guidelines would depend on the characteristics of the individual risks, and should be clearly documented in the underwriting file.

## ***Money & Securities***

Business can accumulate substantial amounts of money due to check cashing or infrequent bank deposits and become targets for theft losses. Businesses should keep cash at a minimum by making an adequate number of daily bank deposits and transferring excess amounts from cash registers into a safe.

Businesses that cash payroll checks are not eligible for the Safeco Businessowners Policy due to the large amount of cash on hand.

For the following occupancies, protection standards for money and securities should consist of a safe, in addition to an alarm system monitored by an outside service.

- Beverage stores – with alcoholic beverages
- Drugstores
- Gourmet food stores
- Wine shops

Exceptions to these guidelines would depend on the characteristics of the individual risk, and should be clearly documented in the underwriting file.

## **Rule 2 – Policy Term**

The Safeco Businessowners Policy may be written for a term of one year and renewed annually by a renewal certificate.

## **Rule 3 – Factors or Multipliers**

Factors or multipliers are to be applied consecutively unless otherwise specified.

## Rule 4 – Rounding Procedure

### Rates

Round rates, factors and multipliers after each step of calculation to the nearest hundredth.

### Premium

Round the premium for each coverage to the nearest whole dollar. Round a premium involving \$.50 or over to the next higher whole dollar.

## Rule 5 – Policy Writing Minimum Premium

The policy writing minimum premium is shown on the optional coverages pages.

## Rule 6 – Additional and Return Premiums

### Premium Computation

- A. Prorate all changes requiring additional or return premium.
- B. Apply the rates and rules in effect on the effective date of the policy.
- C. Round any return premium to the next higher whole dollar when any coverage or exposure is deleted or a limit of insurance is reduced.
- D. Any additional premium developed is in addition to any applicable policy writing minimum premium.
- E. Retain the policy writing minimum premium when calculating return premiums.

### Waiver of Premium

Waive additional or return premiums of \$15.00 or less. However, any return premium requested by the insured must be granted.

### Deletion of Mandatory Coverage

Deletion of a mandatory coverage is not permitted unless the entire policy is cancelled.

## Rule 7 – Policy Cancellation

### Pro Rata Cancellation

Compute return premium pro rata and round to the next higher whole dollar when a policy is cancelled:

- A. at the company's request
- B. because the insured no longer has financial or insurable interest in the property or business operation that is the subject of insurance
- C. and rewritten with us; or
- D. at the request of the premium finance company that has financed the insurance policy

### Other Calculations

If Pro Rata Cancellation does not apply, compute return premium at .90 of the pro rata unearned premium and round to the next higher whole dollar.

Premium determination: Multiply the Building and/or Business Personal Property rates and the blanket factor shown on the state optional coverages pages.

## Rule 10 – Deductibles

### Standard

The Safeco Businessowners Policy contemplates a basic \$250 deductible for all causes of loss. The deductible applies to all property coverages, both mandatory and optional. The deductible does not apply to Arson, Vandalism or Theft Reward, Business Income, Civil Authority, Employee Dishonesty, Extra Expense, Fire Department Service Charge, Fire Extinguisher Recharge, Lock Recalibration Expenses, Money Orders and Counterfeit Paper Currency, and Forgery or Alteration.

For the Property Optional Coverages a basic \$250 deductible applies.

### Optional

- A. Description. Optional deductible amounts are available as shown on the optional coverages pages. Optional deductibles do not apply to the following coverages:
  - 1. Outdoor Signs
  - 2. Interior and Exterior Building Glass
  - 3. Money and Securities
  - 4. Identity Recovery
- B. Premium Modification. Multiply the applicable rate (exclusive of the coverages listed in A.) by the factors shown on the optional coverages pages.

## Windstorm or Hail Percentage Deductibles

*(Except Florida) (Not in RI)*

A. Description. The following deductibles may be used for the Windstorm or Hail cause of loss:

1. 1 percent deductible
2. 2 percent deductible
3. 5 percent deductible

The dollar amount of the deductible will be equal to 1 percent, 2 percent or 5 percent of the Limit(s) of insurance applicable to all covered property that has sustained loss or damage.

B. Endorsement. Use Windstorm or Hail Percentage Deductibles Endorsement BP 03 12. (BP 03 16 in SC, BP 03 18 in MN).

## C. Rules

1. The Windstorm or Hail percentage deductible is calculated separately for, and applies separately to:
  - a. Each building:
    - (1) the building and to personal property in that building, if both are covered
    - (2) personal property at each building
    - (3) personal property in the open
  - b. Percentage deductibles may vary by location. At a location, all covered property must be written using the same percentage deductible.

- c. When property is covered under the Coverage Extension for Newly Acquired Property. In determining the amount, if any, that we will pay for loss or damage, we will deduct an amount equal to a percentage of the value(s) of the property at time of loss. The applicable percentage for Newly Acquired Property is the highest percentage shown in the Schedule for any described premises.
2. Rate Modification. Multiply the Building or Personal Property rates by the appropriate factor shown in the optional coverages pages.

## Rule 11 – Premium Development – Mandatory Charges

### General Rules

- A. All rates and premiums referred to in this subdivision are for an annual period.
- B. Compute premium for mandatory coverages by using the limit of insurance separately applying to Building and Business Personal Property. The limit of insurance must be at least 90 percent of the replacement cost value of the property to be insured unless the Actual Cash Value – Buildings Option applies. Refer to **Rule 12 – Actual Cash Value – Building Option**.

### Special Rules

- A. If office buildings contain eligible occupancies other than office, use the following.
  1. Use the office classification factor if the total non-office occupancies are 7,500 square feet or less and not more than 15 percent of the total floor area of the building.

2. In all other cases, use the classification factor of the non-office occupancy. The classification factor of the predominant occupancy applies. (If no such occupancy is predominant, use the highest classification factor.)
  - B. Use Lessors' classification factor to develop building property premium if the insured occupies 50 percent or less of the total area of the premises. If the insured occupies more than 50 percent of the total area of the premises, use the Occupant classification factor.
  - C. If the insured is an office and occupies any portion of the premises, use the Occupant classification factor.
- Premium Determination**
- A. Risk Classification. Use the **Eligible Occupancies table** to obtain:
    1. class codes
    2. Classification Factor for Building and Business Personal Property
  - B. Rating Territory. Refer to the Territory Page to determine the territory code applicable to the location of the property being insured.
  - C. Building Construction. Classify buildings according to the following construction types.
    1. Frame (Construction Code 1). Buildings with exterior walls of wood or other combustible materials, including construction where combustible materials are combined with other materials (such as brick veneer, stone veneer, wood ironclad, stucco on wood).
    2. Joisted Masonry (Construction Code 2). Buildings where the exterior walls are constructed of masonry materials such as adobe, brick, concrete, gypsum block, hollow concrete block, stone, tile or similar materials and where the floors and roof are combustible (disregarding floors resting directly on the ground).

3. Non-Combustible (Construction Code 3). Buildings where the exterior walls, floors and roof are constructed of, and supported by metal, asbestos, gypsum or other non-combustible materials.
4. Masonry Non-Combustible (Construction Code 4). Buildings where the exterior walls are constructed of masonry materials described in 2. preceding, with the floors and roof of metal or other non-combustible materials.
5. Modified Fire Resistive (Construction Code 5) or Fire Resistive (Construction Code 6). Buildings where the exterior walls, floors and roof are constructed of masonry or other fire-resistive materials.
6. Mixed Construction. When a building is of mixed construction, determine the applicable construction type as follows.
  - a. If two-thirds or more of the total wall area is of masonry or fire-resistive materials, the construction type is as follows:
    - (1) Fire Resistive or Modified Fire Resistive, when two-thirds or more of the total floor and roof area is of masonry or fire-resistive materials.
    - (2) Masonry Non-Combustible, when two-thirds or more of the total floor and roof area is of non-combustible materials.
    - (3) Joisted Masonry, when more than one-third of the total floor and roof area is of combustible materials.
  - b. If two-thirds or more of the total wall area and two-thirds or more of the floor and roof area is of non-combustible materials, the applicable construction type is Non-Combustible.

- c. If more than one-third of the total wall area is of combustible materials, the applicable construction type is Frame.
  - d. If none of the preceding describe the building, apply to Company for construction type giving construction details.
7. Public Fire Protection. Refer to the ISO Public Protection Classification Manual to determine the Protection Class.
8. Sprinklered Property. When the building is fully protected by an automatic sprinkler system, apply the Sprinkler Credit shown in the state rate page.

## D. Premium Determination

1. Rate Determination: Select the appropriate Building or Business Personal Property rate from the state rates pages based on the applicable items that follow.
  - a. rate territory
  - b. building construction
  - c. public fire protection
2. Premium Calculation.
  - a. To obtain the premium for Building coverage, multiply the building rate by the classification factor from the Eligible Occupancies table. If applicable, multiply by the sprinkler credit shown on the rates pages. Multiply the result by the desired building limit of insurance (per \$1,000).

- b. To obtain the premium for Business Personal Property.
  - (1) Multiply the Business Personal Property rate by the classification factor from the Eligible Occupancies table. If applicable, multiply by the sprinkler credit shown on the rates pages and the Business Personal Property Premium Credit factor, unless specifically excluded in Rule (3). Multiply the result by the desired Business Personal Property limit of insurance (per \$1,000).
  - (2) Add to the result the Business Personal Property increment that corresponds to the limit of insurance and territory code, multiplied by the classification factor. If applicable, multiply the result by the Business Personal Property Premium Credit factor, unless specifically excluded in Rule (3).
- (3) Do not apply the BPP Premium Credit to the following classifications:
  - Apartment buildings
  - Office NOC
  - Strip shopping centers.
- c. Amounts of insurance shall be rounded to even amounts of \$1,000 with an amount of \$500 or more rounded to the next higher whole \$1,000.
- d. Motels and Apartments. For each swimming pool, charge an additional premium as shown in the optional coverages pages. (Not available in all states.)
- e. Employment Practices Liability Insurance. Charge the additional premium shown on the optional coverages pages. (Not available in all states; increased limits not available for attorneys or employment agencies.)
- f. Equipment Breakdown. Premium charge is automatically calculated by Comline.

- g. Terrorism. The additional charge, applied to the total policy premium, is shown on the optional coverages pages.
- h. Identity Recovery Coverage. Charge the additional premium shown on the optional coverages pages.
- i. Business Income. Adjust the Building and Business Personal Property premium as follows:
  - (1) Classifications. Obtain the Business Income factor from the table in the optional coverages pages using location annual sales and the following hazard Companies classifications:

## Flexible Limit Endorsement

*(BP 81 99)*

- This endorsement provides increased limits for certain Additional Coverages and Coverage Extensions on the policy already. These limits are in addition to any other limits shown on the Declarations or other forms.
  1. An additional Blanket Limit of Insurance, to be used at the insured's discretion, is provided over the coverages of Debris Removal, Valuable Papers, Accounts Receivable, Back Up of Sewer or Drain Water Damage, Brands and Labels, and Computers and Electronic Data.
  2. Additional Fine Arts Coverage - an additional limit of insurance is provided for \$25,000.
  3. Additional coverage for Business Income from Dependent Properties - an additional limit of insurance is provided for \$50,000.
- Premium Determination: Premium charges are shown on the optional coverages pages.

## Food Contamination

*(BP 04 31)*

- This endorsement provides coverage for certain expenses and Business Income losses sustained as a result of the described premises being ordered closed by the Board of Health or any other governmental authority as a result of the discovery or suspicion of food contamination. The endorsement provides a \$50,000 Food Contamination limit of insurance and a \$10,000 limit for Additional Advertising Expenses.
- Premium Determination: Charge the additional premium shown on the optional coverages pages.

## Garagekeepers Insurance

*(BP 80 69) (BP 81 78 in LA)*

*(Not in MA)*

- This endorsement provides coverage for damage to a customer's auto or customer's auto equipment, when left in the care, custody and control of the insured. Comprehensive and collision coverages are provided on a direct primary basis.
- Deductible.
  1. Comprehensive coverage. A deductible of \$250 applies to each customer auto, subject to a \$500 maximum deductible for all such loss in any one event.
  2. Collision Coverage. A deductible of \$250 applies to each customer auto.

Note: These deductible amounts cannot be changed.
- Premium Determination: Premium charges are shown on the optional coverages pages.

## Hired Auto Physical Damage

*(BP 70 58)*

*(Not in MA, TX, VT)*

- Physical damage coverage may be provided for autos which are hired, loaned, leased or furnished while being operated by or in the custody of the insured. This coverage is intended to be provided on a primary basis when the owner of the auto either has no available insurance or requires the lessee or renter to provide insurance.
- Deductible
  1. Comprehensive coverage. A deductible of \$100 applies to each loss.
  2. Collision Coverage. A deductible of \$250 applies to each loss.
- Premium Determination: Premium charges are shown on the optional coverages pages.

## Hired & Non-Owned Auto Liability

*(BP 80 94) (BP 82 01 in CA, BP 82 09 in LA, BP 82 02 in NJ, BP 82 03 in NY, BP 82 04 in WA)*

*(Not in VT)*

- This endorsement provides either or both hired and/or non-owned auto coverage. Hired Auto Liability provides coverage for autos leased, hired or borrowed by the insured. Non-Owned Auto Liability provides coverage for any auto that is not owned, borrowed or hired by the insured. This endorsement is not available to insureds who have a policy covering other commercial automobile exposures.
- Premium Determination: Premium charges are shown on the optional coverages pages.

Note: Limits of liability must match the policy limits.

## **Limitation of Coverage to Designated Premises or Project**

*(BP 04 12)*

This endorsement limits liability coverage to only those premises, operations and projects specifically designated.

## **Liquor Liability Coverage**

*(BP 80 56)*

- This form provides coverage against claims for injury if liability for such injury is imposed on the insured by reason of the selling, servicing or furnishing of any alcoholic beverage.
- Premium Determination: Charge the additional premium shown on the optional coverages pages. Limits of liability must match the policy limits.

## Loss Payable Provisions

*(BP 12 03) (BP 12 06 in WA)*

This endorsement provides for naming a:

1. loss payee
2. lender's loss payee
3. loss payee under a contract-of-sale arrangement

## Optical & Hearing Aid Establishments

*(BP 08 03) (BP 08 52 in IL)*

- This endorsement is used to provide Professional Liability coverage for bodily injury, property damage, personal injury and advertising injury arising out of the rendering, or failure to render, professional services by an establishment's certified/licensed opticians or hearing aid specialists while performing services at the designated premises.
- Premium Determination: Determine the appropriate premium by multiplying total receipts (per \$1,000) for the operation, by the rates shown on the state rates table. Limits of liability must match the policy limits.

## Spoilage Coverage

(BP 70 08)

- This endorsement extends coverage to cover loss caused by the spoilage of perishable products. The limit of insurance may not exceed the limit for Business Personal Property. Eligible personal property includes the insured's and other's which is in the insured's care, custody or control.
- Premium Determination: Develop the additional premium from the following.

2. Determine the occupancy classification. Multiply the rate shown on the optional coverages pages by the limit of insurance (per \$1,000).

### 1. Occupancy Classifications.

<b>Class I</b>	All risks not shown as Class II or Class III.
<b>Class II</b>	Bakery wholesalers; Delicatessens; Fesh ethnic food stands. Grocery stores/ convenience stores with less than \$500,000 annual sales; Ice cream stores; Ice distributors and wholesalers; Meal preparation stores; Pizza carryout, Pizza restaurants;
<b>Class III</b>	Dairy, eggs and ice cream wholesalers; Fruit or vegetable dealers; Grocery stores/ convenience stores with \$500,000 or over annual sales; Meat, fish poultry or seafood stores/distributors; Retail stores – N.O.C.

## **Sprinkler Leakage - Earthquake Extension**

*(BP 10 10)*

- This endorsement provides coverage for sprinkler leakage that is caused by an earthquake or volcanic eruption. Do not use BP 10 10 with Earthquake Endorsement BP 81 65 since BP 81 65 provides sprinkler leakage loss due to earthquake.
- Premium Determination: Multiply the 80 percent coinsurance Sprinkler Leakage - Earthquake Extension company rate/ISO loss cost determined in CLM Division Five - Fire and Allied Lines by a factor of 1.20 (in recognition of coverage granted for loss of income) to obtain the Businessowners Sprinkler Leakage - Earthquake Extension company rate/ISO loss cost. Multiply the result by the limit of insurance (per \$100) to determine the additional premium. Sub-limits not available.

## **Theft Exclusion**

*(BP 70 70)*

*(Not available for apartments)*

- This endorsement allows the insured to delete theft coverage from Business Personal Property. Apply a 25 percent credit to the applicable Business Personal Property Increment. (Credit does not apply to the basic Business Personal Property rate.)

## Utility Services Direct Damage & Time Element

*(BP 80 03)*

- Property damage coverage may be extended to cover loss of or damage to covered property described in the Schedule/Declarations caused by direct physical loss or damage to off-premises:
  1. properties providing water, communication and power supply services
  2. overhead transmission and overhead communication lines
- Time element coverage may be extended to cover loss at the described premises resulting from the failure of utility property located outside the covered building, regardless of whether such property is located off-premises.
- Premium Determination: Multiply the rate shown on the optional coverages pages by the amount of insurance, per \$1,000.

## Welfare & Pension Plan ERISA Compliance

*(BP 70 69)*

- The ERISA endorsement names the pension plan as an additional named insured and provides compliance with certain provisions of the Employment Retirement Income Security Act (ERISA). This coverage is provided in conjunction with the Employee Dishonesty coverage.

In general, the amount of Employee Dishonesty should approximate 10 percent of the fund's assets. Therefore, if the assets exceed \$2,500,000 we should consider writing both the Employee Dishonesty and the ERISA on a separate crime policy.

## Miscellaneous Premium Charges

### Rental Dwellings

*(Class Code 00075 (1 family) and 00111 (2 family))*

Liability coverage may be provided for rental dwellings when they are determined to be an incidental exposure to the main operation. Only single-family dwellings and duplexes may be covered, maximum number of either permitted on the policy is two. The charges are shown in the specific state optional coverages section.

### Vacant Land

*(Class Code 00078)*

Liability coverage for vacant land may be provided for up to five acres when Building and/or Business Personal Property is covered for a main location. The charges are shown on the optional coverages pages. Limits of liability must match the policy limits.
